

The Power of "We"

Step 1 → *"We" admitted that "we" were powerless...*

There is power in community.

- Addiction destroys relationships.
- Proper relationship (in different dimensions) is the means by which God has chosen to prosper us.
 - Broken relationship leads to poverty.

"If you are going it alone with God, you are probably going it alone." (Sterling Thomas)

Who is your "we?"

Addiction is an attempt to nurture some other way than through loving relationships.

- Relationships are where the "life of God" flows horizontally.

Someone has the information / revelation / inspiration that you need to get victory.

- Relationships are our greatest resource.

John 8 → Freedom is the final result of a process.

- Hear → believe → abide → know → become!

God is "We" and invites us into Him!

- Father / Son / Holy Spirit
- "We" are His Body.
- Romans 12:4, 5 – You will never be who God created you to be apart from connection with the rest of the Body!
